SPUD IN WELL ON COZBY FARM

The Cozby well was spudded in at 4 o'clock Saturday on the E. O. Cozby farm two miles north of Suez

This well is being put down by T. E. Welsh of Brainerd, Minn., Baird and Scarbough of Eastland, and the Chestnut and Smith Oil Company of Ranger.

The Company has 2,131 acres under lease and the contract calls for a 3,000 foot test.

According to John Magness, this section is looked upon very favorably for oil production being located two miles east of the Fisher Farm, where the Copperas Creek oil Co., drilled a test a few years ago and near both the Tate and Nunelly wells where a showing of oil was struck.

The parties that are putting down the well are very favorably impressed with the possibilities of this acreage both from out croppings and logs of previous wells.

CONTRACT LET FOR HIGHWAY WORK

Contract was let September 8 by State Highway Department at Austin to the J. E. Ward Company of Dallas for topping with asphalt 17.43 miles of Highway No. 67 from the Eastland County line southeast through Comanche county passing through Rucker, De Leon, and on to the Erath county line. The consideration was $27,650, averaging about $1,585.00 per mile.

According to John S. Hart work will begin about October 1 and should be completed about December 1.

This will be the first paved highway in the county but is expected to be only the beginning of that kind of work, as reports from Austin recently issued stated that Highway No. 10 from the Brown county line through Comanche, Hasse, Proctor, and on to the Erath county line would soon receive consideration

EXHIBITS MUCH GREATER THAN BEFORE AT ANY FAIR

The first annual Comanche County Farmers Fair opened its gates Thursday morning with one of the largest opening crowds ever to attend a fair in Comanche.

Interest was keen even at the opening hour as it became evident that competition was to be close in practically every line and record breaking crowds passed through the gates on the opening day to view the exhibits as well as to enjoy the entertainments provided

The farm Community Club, 4-H Club exhibits are much greater than ever shown before and according to Prof. J. B. Layne, who has been attending the county fair for many years and who says would do credit to the Dallas Fair or the Waco Cotton Palace.

Among the community clubs exhibiting are: Sidney, Pandyke, Bibb Gustine, Soda Springs, Comyn, Beattie, Duster, Energy and Stacy Creek

4-H Club members who have their work on display are: Sidney Vandyke, Unity, Gustine Soda Springs, Comyn, Beattie, Duster Energy and Cross Roads.

According to president C. M. Caraway the live stock exhibit is far bigger and better than ever shown before, there being at least twice as many sheep, goats, dairy cattle and hogs shown as were shown last year.

Mr. Caraway who carried off many prizes in the live stock at the Dublin Fair is among the short horn exhibitors.

The poultry exhibit drew a long list of entries and apparently will be the largest poultry exhibit ever offered in Comanche.

The auto polo game staged at 2 o'clock under the direction of Pudden Howard, was a feature of the Fair and proved extremely interesting to the spectators who appreciate the thrill of the reckless driving necessiated in the game.

CANDIDATES PREPARING FOR THE NEXT YEARS CAMPAIGN

With the Democratic primaries less than a year off the political pot has begun to simmer with a few avowed candidates and others contemplating running.

No less than a dozen would be congressmen from this district are anxiously awaiting for Congressman Thomas L. Blanton to make up his mind in regard to the Senatorial race.

According to reports Comanche county will likely have one candidate for a state office, that being H. L. Gantz for State Superintendent.

Among the county officers who will seek re-election, and as far as news has come to the Chief office, no opponent has mentioned for the office are: Tom F. Reese, County attorney; Miss Iva Hart, County treasurer; and Miss Clyde Coan, county clerk.

For district attorney our information is that Jesse C. Shipman will be in the race for re-election, but he will likely have several opponents as already several candidates have been mentioned including former county attorney, Bob McCampbell of Comanche county and district court reporter Tom Robinson of Coryell.

For County Judge those who have signified their intention of running or have been discussed for the position by others include Judge R. A. Just Tottering, So Weak

"I was in a bad state of health and was going through a critical time of my life," says Mrs. Ella Scarborough, R. F. D. 5, Dothan, Ala. "Several different things were recommended to me, but I did not get any real relief until I began to take Cardui.

"I was just as weak as could be. My legs were shaky, and often I would just totter around the house. I finally got so bad that I was in bed several weeks.

"It was then that I began to take Cardui. I kept it up for quite a while, and at last I regained my health. Cardui was certainly a friend to me in time of need.

"My health is splendid now, and I seldom have to use medicine, but I gladly say a word about Cardui whenever I find a friend going through the same suffering which I endured."

ASK FOR STOCK LAW ELECTION

A petition has been filed with the Commissioners Court asking for an election to be held providing for a new stock law in Comanche county. The petition which was signed by a hundred and twenty-five voters including residents in every justice precinct in the county.

The petition will be acted on by the Commissioners Court at their next meeting which will be held the second Monday in Ortober.

According to Judge Luker the present Stock law does not make the permitting of stock to run at large a misdemeanor offense, but only provides that the stock may be impounded which the owner may reclaim by paying a fee, or if the stock is not called for, they may be sold after having been advertised for ten days.

The new law if voted would make the offense a misdemeanor carrying with it a fine as a penalty.

LOCALS LOSE TO BRADSHAW

Comanche High School Indians with the help of three outsiders, Fielder, Mason and Spencer, playing their first game of the season Wednesday at the Bradshaw Community Fair before a crowd of 500, held the heavy Bradshaw team to a seven to nothing score.

The Bradshaw team, composed of six ex-university and college stars, together with a string of high school players who have been playing together for four years and have never met defeat, barely kept their record clean Wednesday, when the Comanche Indians carried the ball twice within their 15 yard line and made five first downs to Bradshaw's two.

The only score followed the third play of the game when Pulliam fumbled on the 40 yard line and a Bradshaw man scooped up the ball and ran the distance for a touchdown. After this they were never able to penetrate beyond Comanche's 30 yard line.

Comanche completed three passes and had two intercepted. Mason pulled the feature play of the game when on a cut back, went around left end for 35 yards. Later Spencer on the same play made 20 yards.

Frank Mackey, Bull Magness, and Fielder were stars on the defense.

Captain Tom Pulliam states that he expects the Indians to be in good shape for Friday's game and that a real battle may be expected.

SHEEP AND GOAT RAISERS ORGANIZE

Farmers and ranchmen interested in sheep and goat raising met at the court house Monday and organized an association with G. W. Holmslef president and H. F. Howerton, sec,

"The sheep, goat and turkey raisers of Comanche county organized a sheep, goat and poultry association Monday the object of which is to raise funds to hire a government trapper out of a fund of $25,000 has been set for this year and a similiar amount for next year. Out of this fund the government will pay one third of a Federal trapper's salary if the association will raise the other two thirds, provided the organization is completed and the fund raised or subscribed before the Federal money has all been promised.

We are asking every sheep, goat and turkey raisers to help us and are assessing sheep and goat raisers 5 cents a head and turkey raisers 2 cents per head, which we consider a small amount.

Are You Really Well?

For Good Health There Must Be Proper Kidney Action.

Do you find yourself running down—always tired, nervous and depressed? Are you stiff and achy, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions scanty and burning in passage? Know then that these are often signs of improper kidney action. Sluggish kidneys allow acid poisons to remain in the blood and upset the whole system. If your kidneys are acting sluggishly, assist them with *Doan's Pills*. ASK FOR STOCK LAW ELECTION

A petition has been filed with the Commissioners Court asking for an election to be held providing for a new stock law in Comanche county. The petition which was signed by a hundred and twenty-five voters including residents in every justice precinct in the county.

The petition will be acted on by the Commissioners Court at their next meeting which will be held the sesond Monday in Ortober.

According to Judge Luker the present Stock law does not make the permitting of stock to run at large a misdemeanor offense, but only provides that the stock may be impounded which the owner may reclaim by paying a fee, or if the stock is not called for, they may be sold after having been advertised for ten days.

The new law if voted would make the offense a misdemeanor carrying with it a fine as a penalty.

LOCALS LOSE TO BRADSHAW

Comanche High School Indians with the help of three outsiders, Fielder, Mason and Spencer, playing their first game of the season Wednesday at the Bradshaw Community Fair before a crowd of 500, held the heavy Bradshaw team to a seven to nothing score.

The Bradshaw team, composed of six ex-university and college stars, together with a string of high school players who have been playing together for four years and have never met defeat, barely kept their record clean Wednesday, when the Comanche Indians carried the ball twice within their 15 yard line and made five first downs to Bradshaw's two.

The only score followed the third play of the game when Pulliam fumbled on the 40 yard line and a Bradshaw man scooped up the ball and ran the distance for a touchdown. After this they were never able to penetrate beyond Comanche's 30 yard line.

Comanche completed three passes and had two intercepted. Mason pulled the feature play of the game when on a cut back, went around left end for 35 yards. Later Spencer on the same play made 20 yards.

Frank Mackey, Bull Magness, and Fielder were stars on the defense.

Captain Tom Pulliam states that he expects the Indians to be in good shape for Friday's game and that a real battle may be expected.

Your Missionary feels that we have come to a new day. Comanche county, has been pratically evangelized in past years.

We find that 90 per cent of our congregations are members of some church. Therefore your missionary feels that we must give more time to constructive work. We must enlist our young converts and develop them in Sunday School and B. Y. P. U. work.

You are invited to attend a Sunday school and B. Y. P. U. Rally, which will be held at Gustine beginning Friday night of this week. We hope to have Mr. Harvey of De Leon to speek to us Sunday morning.

The committee appointed by the association to organize a B. Y. P.U. and Sunday School convention will make their report Sunday morning.

FINDS DIVERSIFICATION PROFITABLE THIS YEAR

H. F. Howerton, who lives two miles east of Comanche on the Gustine road on a 106 acre farm by intensive and diversified farming this year has made good money despite the drouth, boll weevil, and hot weather, and he is very optimistic about the possibilities of the Comanche Farms.

Mr. Howerton says he learned several years ago not to put all his eggs in one basket and to be prepared if one crop failed to make a living on something else.

It seems however, that he was successful in most everything he tried this year. He planted only 14 acres of cotton from which he has already gathered three and a half bales, which he says with the seed is worth $500. From his oat field he threshed 1080 bushels, which he is holding for a better price and at 40 cents will bring him $432. He made 350 bushels of wheat and sold it for $1.25 per bushel, getting $437.50 for his crop. Mr. Howerton says he has 30 acres of corn which should make better than 30 bushels per acre and if sold at prevailing prices would bring him $300 but he figures by feeding it to live stock he can realize much more than fifty cents per bushel.

He has 95 sheep, which he is able to keep on his pasture and fields, and from the increase from these he has already realized $104 and soon will have another crop of wool.

In addition to this he has 60 turkeys, about 200 hens, two milk cows and mone than enough hogs to make his meat.

While Mr. Howerton was not boasting of his success, it was plain to see that he was pleased with the results of his years work and talked enthusiastically over the sheep possibilities in this county, he just having been elected secretary of the sheep and Goat Raisers Association.

MASONS CELEBRATE ANNIVERSARY

(Continued from first page)

Lodge in 1872 and J. D. Bonner and D. H. Cunningham who were initiated a year later; M. V. Fleming, 90 probably the oldest Mason in the county who was made a Mason at Brenham in 1860 a year before the outbreak of the Civil War and who affiliated with the Comanche Lodge in 1868 and after its demise with the present lodge; Robert M. Garner who was made a Mason in Georgia in 1867 and affiliated with Hope Lodge at the time of its institution July 1877 he and L. B. Russell being the only surviving Masons who were charter members of Hope Lodge.

Another venerable Man who has been active in Masonic work for years present was Rev. G. R. Ross 90 years of age and the first Master of Armstrong Lodge instituted on Armstrong Creek over 50 years ago northwest of De Leon before that town was thought of. The Lodge was afterwards moved to De Leon and still goes by the name of Armstrong.

Interesting bits taken from the address of L. B. Russell show that Captain J. A. Wright was the first man to receive the Entered Apprentice Degree in Masonary in Comanche Lodge December 5, 1869. The first Fellow Craft degree was conferred on Capt. James M. Holmsley January 2, 1869 and the first Mason raised to the Master's degree was Sam Powers, February 6, 1869.
